B&W Security Camera

Weatherproof Day/Night Camera

The Swann Outdoor Security Camera is a versatile security solution that suits both indoor and outdoor applications. Featuring a robust, weatherproof metal casing with sunshield, the camera is ideal for areas subject to dust, rain or other wet conditions. Providing clear black & white images, the camera features an auto-light sensor that switches on the 11 infra-red LEDs at night providing invisible light. Now you can monitor your premises in complete darkness or keep an eye on areas such as stairwells, secluded corners or alleyways, that usually have little light!
